

GEO EXPLORER AUBURN **SCIENCE ON WHEELS!**

Looking for a unique, engaging, and educational attraction at your event or conference? Geo Explorer Auburn delivers science directly to you! Our 35-foot, solar-powered mobile science lab is designed to provide memorable visits and hands-on fun for attendees of all ages.

WHAT WE BRING TO YOUR EVENT

Our mobile lab brings fun-first science experiences to your event, featuring immersive stations like Virtual Reality, massive touchscreens, and a tornado tunnel. With something exciting for every age group, Geo Explorer transforms your event into a hands-on science adventure attendees won't forget.

EDUCATIONAL AND FUN

Guests don't just look, they do! Our mobile lab is full of tactile learning stations to get your attendees engaged while they learn more about the world around them.

MORE THAN AN EXHIBIT

Geo Explorer is an interactive centerpiece attraction. Once inside, our science and technology gear make for perfect photos for your event and attendees.

THE 'WOW!' FACTOR

Our 35-foot mobile lab is BIG! Wherever we go, we can't help but draw in crowds and create buzz for your event. And when we pull up, your attendees know they are in for something special.

PERFECT FOR ANY OCCASION

Our mobile lab is perfect for a wide range of events: Science Fairs, School STEM Nights, Corporate Family Days, Museum & Library Special Events, and more! We can adapt to your audience and space.

BOOK AN UNFORGETTABLE SCIENCE EXPERIENCE

Ready to bring science and technology to your attendees' doorstep? Contact us to learn how to feature Geo Explorer Auburn at your next event.
